

St. Clare Catholic School

Newsletter

September 25, 2017

From the principal:

Beginning September 26 through October 18, students will be taking the MAP Assessment. MAP is used to measure a student's progress or growth in school. The testing information is important to teachers because it indicates a student's strengths and areas where help may be needed. Teachers can use this information to help them guide instruction in the classroom. As a school, we will be using the data to improve student learning as well as evaluating curriculum and resources needed. Your child's teacher will provide specific dates for their class so you know when your child(ren) will be taking these assessments. Grades k-1 will take reading and math, grades 2-3 will take reading, math and Language arts, grades 4-8 will take reading, math, Language arts and science. You will receive a copy of your child's results at conferences and will be able to discuss their progress at that time. Feel free to contact me if you have any questions about MAP assessments.

The convent and rectory are scheduled to be demolished October 9-13. Prior to that, there will be removal of asbestos from the buildings. This will occur October 3-6. We are asking that all cars stay out of the parking area between church and school. During this time, please park across the road and walk your child to the Main Street doors. Students will come right into the building instead of playing outside. We will keep the students inside on days where there will be extra dust in the air.

This Thursday is a home Packer game. Students are able to wear their Packer gear for Mass.

Mrs. Sorenson, our new music teacher would like to have 20 clipboards for students to use in her classroom. If you would be willing to donate some or all of these, please contact her at ksorenson@stclasreagw.org. Thank you!
