# Newsletter

September 11, 2017

## From the principal:

Thank you to everyone who made the start of the new school year go smoothly! I'm impressed with how everyone; teachers, staff, students and parents work together to get things accomplished. Thank you to the parents who have helped in the cafeteria already. We realize there are some things to work out with the lunch, but overall it has gone well.

We have hired a music/band teacher. Her name is Karen Sorenson and she has experience teaching general music as well as band. There will be more to come about her when she starts later this week. Band parents will be contacted to work out details.

We will receive a check for \$92.40 for turning in Box Tops! Keep sending those to school and thank you to those who coordinate this program. We are not recycling ink cartridges or saving pop tops this year.

Mrs. Gruber

## Dates to remember:
