

## Newsletter

October 16, 2018

### From the principal:

Continue to pray for Fr. Brian and his family as they adjust after the loss of his dad. The Home and School Committee purchased a gazing ball for Fr. Brian to have at his house in remembrance of his dad. Students made cards for him as well. Fr. Brian will be out all this week so he can actually have the vacation time he had scheduled last week. The students will have their general music class but there will not be lessons until next week. Thank you for your patience in beginning the lessons!

The survey I sent a few weeks ago indicated that most people prefer to receive the school newsletter in an email attachment. I will continue to send an email with the newsletter attached, it is on the school website and a hard copy is sent home in the family envelope on Tuesday. People also prefer that the Parent Night be scheduled before school begins. When I work on the calendar for next year, I will schedule the Parent Night the week of the Backpack drop off. Finally, the survey showed that people would like to have school pictures taken on the Backpack drop off day. I will look into this with Harmann, our photographer, and see if we are able to arrange that. Thank you for your response to the survey!

Remember to fill out the survey sent from the Diocese. You have until October 26. Remember to consider your overall experience of St. Clare School when answering. There are many good things happening at St. Clare. It is important to know what our strengths are as well as where we can improve. Thank you for your support!

---

You will find minutes from the School Committee and Home and School Committee meetings attached with the newsletter today. There will also be a hard copy in the family folder. We need everyone to work together to market St. Clare and provide family and community events. If you are interested in joining either of these groups, you are welcome to attend the next meeting. Both meetings will be on Nov 14. The School Committee begins @ 6:00 and Home and School begins @ 6:30.

Our hot lunch numbers are down this year and Konop has asked us if there is a reason. There are the usual lunches that are favorites, but if you have any comments about this, please let us know. Thanks

### **Dates to remember:**

#### **Mark your calendars:**
