We have a request for you. Please refrain from sending your child with a lunch item that needs to be cooked in the microwave. This has been an increasing problem for the volunteers who are working in the cafeteria. There are less people signing up lately and therefore many days there is only one person. They are there to serve the hot lunch and clean up. It is very difficult for them to cook microwave meals. We know that these types of food are convenient (hot pockets and mac & cheese) but they require several minutes in the microwave and then also need time to cool down in order to be able to eat them. Some days this takes so much time, that the student is out of time for eating. One option would be to cook the food at home and send it in a thermos. If possible, we would like to see the microwave not used for student lunches. Thank you for your understanding.

Due to conflicting schedules of activities, the Spring Fine Arts Show on May 22, will only be at 1:30 p.m. and not in the evening. We apologize for any inconvenience. There will be an art show included with this program. **Mrs. Diny and the students have been working hard all year on fabulous projects. We invite you to stop in anytime from May 22-June 3 to see all the wonderful artwork your children have created.**
